

2017 ANNUAL MEMBERSHIP CONTRIBUTION FORM

“Working Together to Promote Rewarding Careers in Manufacturing!”

We need your help.

We strive to make a positive impact on our future workforce to keep the pipeline of skilled workers full and American manufacturing alive. The AWT creates a link between students, parents, teachers, administrators and industry leaders; we illustrate how to apply STEM (Science, Technology, Engineering and Mathematics) skills in the real world of manufacturing.

But we need your support. You can help us by joining or renewing your membership, or what about these ideas?

- hosting a student tour with lunch provided at your facility
- hosting a member network event at my location
- volunteering my time at the AWT RoboBot Competition in April
- growing professionally and personally by volunteering on one of AWT’s Committees
- Follow us online & help us share our message

We’re always open to suggestions, too!
